Risk Management

Metrics and Targets

Key Climate Risk Responses

Risk Item	Risk Type	Risk Description	Impacted Stages	Time Horizon	Current Financial Impact	Expected Financial Impact	Risk Response Measures
Increase in raw material costs						•	• • •
Carbon pricing mechanism						• • •	• • •
Transition to low-emission technologies and products						• • •	• • •
Increased concerns and negative feedback from stakeholders						•	• •
Changes in consumer behavior						• •	• • •

Key Climate Risk Responses (Continued)

Heavy precipitation (rain, hail, snow/ice)						•	• • • •

Oppo r unity Item	Oppo r unity Type	Oppo r unity Description	Impacted Stage	Time Horizon	Current Financial Impact	Expected Financial Impact	Oppo r unity Response Measures
Leverage public-sector incentive mechanisms						•	• •
Develop new products or se r ices						•	• •
